Physicians: please write the causes of death clearly and legibly. Physicians' signatures are required; rubber stamps may not be used. Any item of information which can be obtained only from the physician should be carefully filled in. Please answer every question. If any question does not apply, write "none" or "not applicable." Do not use abbreviations or symbols. Be sure that the cause of death is stated in terms of disease and not in terms of mode of dying, such as heart failure, asphyxia, anemia, or uremia. Indefinite or unsatisfactory terms, such as "old age," "senility," "debility," "exhaustion," "cardiac arrest," "respiratory arrest," "unknown," or "cancer" are not satisfactory as the principal cause of death. Indicate the primary cause of death in the last line of Item 21. Secondary causes, or conditions which contributed to death but were not related to the primary cause, should be reported in Item 21 above the primary cause. Please report only one cause on each line. Please be sure that the information given is complete and correct as to spelling, accuracy, and legibility.
